Technical instructions TAL Speaking Computer Based Recording and uploading

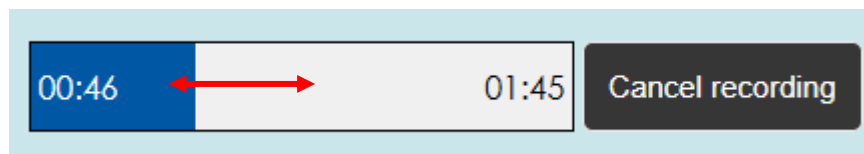

BROWSER ALLOWED TO TAKE THE TEST (home trials):
Google Chrome, Microsoft Edge, Mozilla Firefox

The following steps must be performed for all test recordings:

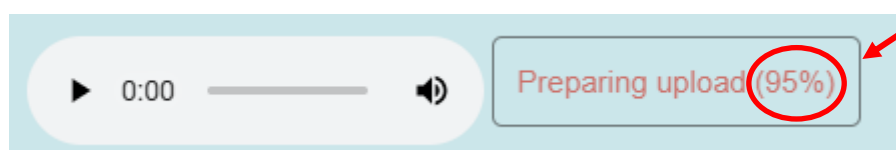

1. Click “**Start recording**” and begin recording audio.

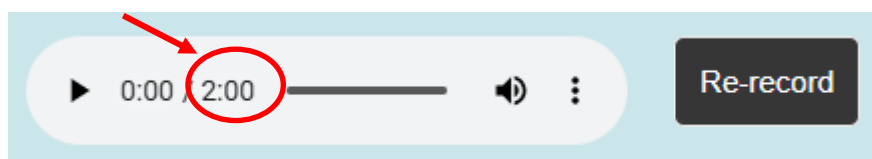

2. Keep talking **full amount of time** given for each task (indicated on the player and in the instructions).

3.  Click the “**Cancel recording**” button only if you want to cancel the current recording and start over from the beginning.
4. Once the recording is finished, **wait a few seconds for the file to upload** (until it reaches 100%).

5. The file is uploaded when the recording duration is displayed and the “Re-record” button appears.

6. **Listen to a few seconds of the recording** by clicking on the **PLAY** icon to make sure the audio can be heard clearly. 
7. If you want to record new audio by deleting and overwriting the previous one, click “Re-record” and start recording again.
